

## CORONAVIRUS: SMALL BUSINESS GUIDANCE AND LOAN RESOURCES

SBA  
Economic Injury  
Disaster Loan  
Program

The SBA Loan Program will work directly with state governors to provide targeted, low-interest loans to small businesses and non-profits that have been impacted by the Coronavirus (COVID-19).

The Loan Program provides up to \$2 million to eligible small businesses.

Does my  
business qualify?

If your small business is suffering economic loss due to the pandemic and you live in an area that is deemed a disaster, you may be eligible for a SBA disaster assistance loan.

One requirement, is that you must be a small business, of less than 500 employees.

A second requirement is that your business must be located in a government-declared disaster zone. Once government officials declare a disaster in your area then your business will be able to seek these emergency funds.
