

The Tarantino Law Firm would like to thank all of the physicians, physicians' assistants, nurse practitioners, and just as importantly, nurses who are at the forefront of the coronavirus outbreak. We are grateful for your efforts to keep our families, friends, neighbors and community healthy and safe. Throughout this period of unrest and uncertainty, we would like to extend an offer to all healthcare workers in Western New York, as a small token of our gratitude. We want you to continue to focus on your family, patients and perhaps have one less thing to worry about during these unprecedented times. For your peace of mind, from April 1st, 2020 until June 1st, 2020, we are offering a health care proxy, power of attorney, and other basic estate documents free-of-charge for healthcare workers.

If you are interested, please contact us via email at estates@tarantinolaw.com.

In order to make this process as convenient as possible for you, we have designed a questionnaire identifying the information necessary to prepare the documents, we will communicate via email, and conduct the necessary meetings and signatures via video conferencing.

Thank you again,
Your colleagues at the Tarantino Law Firm.
